

Hard to believe it is September already!!!! We hope you have all had a pleasant summer and lets look forward to a spectacular fall!

Lots of new fabrics have arrived in the store, available as fat quarters, charm square packets and on the bolt. An Autumn coloured line, *Harvest Celebration* by Maria Kalinowski for Timeless Treasures

which co-ordinates surprisingly well with another new line, *Shades of the Season* from R. Kaufman.

And new Winter/Christmas seasonal fabrics: *Birds & Berries* from Clothworks,

Woodland Holiday from Moda,

Holiday Flourish from Robert Kaufman,

and the new Robyn Pandolph *Fancy Hill Farm*. The *Fancy Hill Farm* collection is reminiscent of some of the older collections by Robyn Pandolph and is truly a lovely collection of large and small florals, textures and stripes! Here's a sampling:

Our new class schedule is being finalized. The 'Underground Railroad Sampler' class (from the book by Eleanor Burns) has filled already but a second class is being added to try to accommodate the extra interest. There will be a 'Beginner's Four Patch' - an excellent class for beginning quilters, a 'Hand Quilting' primer, several Stitchery classes, a strip pieced Log Cabin class as well as several other classes planned. Please come by/contact the store if you are interested as these classes will be starting soon!

The Bunny Hill Designs pattern 'I Believe in Angels' was offered as a Block of the Month earlier in the year and our sample is now hanging in the store. There are still a few kits and patterns available. It is really cute and was fun to do! We would love for you to see it before it goes home!

SPECIAL!!

We are offering Presencia 6 strand Embroidery floss at the special price of 2 skeins for \$1! While stocks last. Reg. price is 89¢.

And our everyday price on Aurifil is still \$8.50!

Lots of new kits available as well, a watercolour table runner (pattern by a Canadian designer!) in seasonal fabrics, several new children's patterns (new baby expected in the family or need to make a baby gift?), a great autumn coloured snuggler quilt done in colours quite suitable for a man, an elegant blue and white lap size quilt and several other gift ideas! We also still have one Remembrance Poppy quilt kit.

We've had lots of positive comments about our updated website! Please check it out and let us know what you think! ~ www.aquiltedstitch.com

Hope to see you in the store!
